## Rambler Hockey Club Win Two Big Ones...

Didsbury Ramblers are trying to hit the top spot in the Chinook league again, and in their last two games have gained four points as a result of victories over Carstairs and Innisfail. At last report we understand that Didsbury have two players in the top ten bracket insofar as the scoring race is concerned. As far as the team's standing in the league; they are in third place, behind Olds and Innisfail.

In the game against Carstairs the Ramblers were never headed, they led 1-0 at the end of the first period, 4-2 in the sandwich session, and added two more in the final canto, while the visitors only counted one.

Playing Tuesday night in the local arena, Ramblers handed the Innisfail Oilers their first defeat of the season, to the tune of a 6-3 score.

Goals and penalties were prevalent throughout the game. At the end of the second period the Innisfail Club lodged a protest with the referee regarding a goal scored by Didsbury. This beef is for the birds. (Are you listen' Hap?)

## BERGEN NOTES

(From Our Own Correspondent)

Congratulations to Mr. and Mrs. Les Lyle on the birth of a daughter. The wee gal was born in Calgary before Christmas.

Mr. and Mrs. D. O. Clark were pleased to hear of the arrival of their grand-daughter, Judy Dawn, on December 20th, at the University hospital in Edmonton. The proud parents are Mr. and Mrs. Don Clark of Edmonton.

Mrs. Wilf Kutch and Elaine are in Edmonton, where the latter is receiving medical attention at the University hospital.

The big storm that blew in on New Year's Eve caused a great deal of discomfort and inconvenience. A number of cars had to be abandoned and several people were frost-bitten from walking through the blizzard. The drifts were so large and hard that the road patrol was not able to move, so a local "bulldozer" was called into use. There was no school on Monday as the west road was still blocked.

Best wishes to Barry Culver, of Ft. Macleod, who is a hospital patient following an operation on a tractor power take-off on the Brewster ranch. Mrs. Joe Ness is staying with her daughter, Mrs. Culver.

## BIRTHS

AT THE DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. A. Beiselman of Acme, on January 10, a daughter.

To Mr. and Mrs. George Campbell of Carstairs, on January 12, a daughter.

To Mr. and Mrs. A. Mehus of Didsbury, on January 12, a son.

To Mr. and Mrs. E. Milne of Didsbury, on January 13, a daughter.

To Mr. and Mrs. M. Hehr of Madden, on January 14, a son.

**South West Didsbury**  
(From Our Own Correspondent)

Mr. and Mrs. Grant Bingham of Tees, were Sunday guests of Mr. and Mrs. Lynn Hunsperger and family.

The Birthday Group will meet at the home of Mrs. F. Befus on January 20th.

Mr. and Mrs. Carl Meyer and family, and Mr. and Mrs. H. Dageford, were Sunday visitors at the home of Mr. and Mrs. Fred Rodway.

Mr. and Mrs. H. Folkmann, Mr. and Mrs. O. Folkmann and Mr. and Mrs. J. Folkmann were recent visitors at the Fred Befus home.

We are happy to report that Mrs. J. L. Tuglie, who is a patient in a Calgary hospital, is somewhat improved.

Mr. and Mrs. Ken Berreth of Torrington were Sunday guests of Mr. and Mrs. Dave Patton and family.

Wendnesday, January 28th —

Didsbury at Carstairs

Olds at Trochu

Saturday, January 31st —

Didsbury at Bowness

Carstairs at Trochu

Olds at Innisfail

## Local Church Holds Annual Meeting

The annual meeting of Redeemer Lutheran Church, Didsbury, was held on Sunday evening, January 11th in the church basement. The following were elected to the various offices: Church elders for three years, Mr. C. Schiekke and Mr. P. Befus, with Mr. C. Schiekke also serving as Trustee for three years; Secretary Mr. H. Schiekke; financial treasurer Mr. C. Meyer; recording treasurer Mr. G. Pieper; chairman Mr. E. Pieper; Lutheran Laymen representative, Mr. P. Befus; Synodical affairs member, Mr. H. W. Folkmann; Youth counselor, Mr. E. Reinhardt.

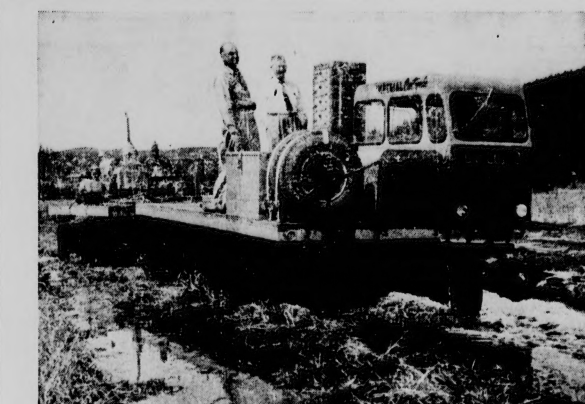

A very bright financial report was given covering the year 1958. The congregational budget for the past year was \$6,600 for home purposes. This was overbudgeted by some \$1,000. For world missions, the congregation had assumed a goal of \$4,000. A total of \$5,500 was submitted for this purpose. The overall total raised by the congregation and all its societies stands at \$15,371.20.

During the year the congregation transferred some 18 members to sister congregations. However, through confirmation of Juniors and adults and transfer they gained 15 communicant members. The congregation numbers 261 communicants, or a total of 411 souls.

The mission stationed at Sundre has remained static with 19 communicants, for a total of 40 souls.

At Didsbury a total of 63 services were conducted, at Sundre 20 services.

The congregation enjoyed God's abundant blessing in its various educational agencies: vacation Bible school, Saturday School, confirmation instruction, Sunday school, Junior and Senior Bible classes, Sunday School, teachers' meetings, adult membership classes. The two societies of the congregation, the Walther League and the Ladies' Aid, once again worked zealously for the congregation.

Leking Canada's muskies problem calls for vehicles which can travel over surfaces which wouldn't even support a man walking. The "Centipede" (above) which went into service this fall as a supply

vehicle for Imperial Oil exploration parties operating in muskies country, spreads its weight — and that of a load of up to eight tons — on two jointed surfaces which move along on tracks 42 inches wide.

Alex Hemstock (left) and Dr. Harbottle of Imperial's research laboratory in Calgary stand beside a recording apparatus which had been mounted on the "Centipede" for field tests.

## MELVIN NOTES

(From Our Own Correspondent)

The Melvin Community Club held its annual meeting Sunday at the home of Mr. and Mrs. E. Dupont. The same slate of officers was elected for the coming year, with Irvin Klein having replaced Vance Shields as president last fall. An effort is being made to begin the coming dances in Melvin hall at an earlier time. If things were in good swing, say by 10 p.m., at the latest, those who wished could have a good time and still get a good night's sleep. Let's face it, some of us are getting to the age where we need our sleep.

The dance this coming Friday will start at 9 p.m. and close off at 2 a.m.

**TODAY'S CHUCKLE**  
Signs of the Times: Outside a garage —  
"Cars washed, \$2.00; Sports Cars Dunked, 75 cents."

## WESTCOTT SENIOR W.I. ENJOY SUCCESSFUL YEAR

Westcott Sr. W.I. met at the home of Mrs. Shields Sr. on January 9th, with 13 members and one visitor present. Roll call was payment of dues.

The institute favoured each W.I. providing funds for the constituency fund towards the upkeep of the vest room, this amount to be raised as each W.I. washed. The financial report was read and showed a fairly healthy balance.

Mrs. Bekstrand arranged her handkerchiefs, and Mrs. Levaag volunteered to provide Red Cross sewing for the next meeting. The remainder of the meeting was spent in outlining the 1959 program.

A social evening was planned to replace the one postponed in November. This will be held at the home of Mrs. Burr Tuglie on February 14th.

Next meeting will be held at the home of Mrs. Larson.

## ZELLA NEWS NOTES

(From Our Own Correspondent)

Mrs. A. Waldruff was hostess for the 10th anniversary of military service for the Community Club on Wednesday evening. Prizes were won by Mr. and Mrs. Harold Braun, Kathleen Englin and Edward Waldruff. Mr. and Mrs. Wilbur Jahnke will host the next party on Wednesday, January 21st.

On Sunday afternoon, Mr. and Mrs. A. Oppen were honored when friends and neighbors called to congratulate them on the occasion of their 49th wedding anniversary.

The Rugby P.U.A. extends an invitation to members and their families to participate in a family bonspiel at Elkton, on January 22 and 24. Come and join the fun!

## MOUNTAIN VIEW

(From Our Own Correspondent)

Mountain View hall was the scene of a happy gathering Monday evening, when friends and relatives gathered to honor Mr. and Mrs. Claude Trenholm, who were married recently.

A short program was enjoyed, in which little June Devolin gave a couple of tap dance numbers and Fern McManis and Francis Kolbitz rendered a piano and accordion duet. This was followed by films.

The honored guests were then presented with a large array of gifts. A lovely lunch was served by those in charge, who included Mrs. Charlie Kohut, Mrs. Arthur Gebeca, Mrs. Ed McNeil and Mrs. Lawrence Hunter.

Mr. and Mrs. Gordon Pearson of Salmon Arm, B.C. are visiting relatives and friends in the district.

Mr. and Mrs. Doug Gooding and family and Mr. and Mrs. Gordon Pearson, were Sunday dinner guests of Mr. and Mrs. Bill Persinger.

Mr. and Mrs. Corry Pauls and family of Sunnyslope were Sunday evening visitors with Mr. and Mrs. Henry Penner and family.

## Home And School Hold First Meeting

A regular meeting of the Didsbury Home and School Association was held in the school auditorium on Monday, January 12th. A recommendation by the executive committee in regards to remodeling of the kitchen in the high school was accepted. A portion of the association's funds will be placed aside for this project.

The chairman of the school education committee, Helen Brown, was in charge of the program for the evening and conducted a "buzz" session which was divided into five groups, dealing with the following questions:

1. Are industrial arts a "frill" that should be eliminated from the school program?
2. Have our schools any business teaching vocational training? If so, should not the vocations so taught be greatly expanded to include such things as hair dressing, salesmanship, truck driving, etc.?
3. In our community, do industrial arts courses meet a real need, or are they simply offered to "keep up with the Joneses"?
4. Should we go back to establishing technical schools? If so, how should they differ from our present high schools?
5. Should we have special courses in English, Social Studies, etc. for students following an essentially technical program?

## Subscription Note:

A red line under your name means our subscription is overdue.

A blue line means your subscription is coming due next month.

Please pay out of town subscriptions by money order.

## WESTCOTT JUNIOR W.I. HOLDS REGULAR MEETING

The January meeting of Westcott Junior W.I. was held at the school, with Jean Ford and Mary Dubois as hostesses. Roll call was paying of dues. There are now 29 members in this institute.

Donations were made to the ACWW and A.W.I. and the Artistic and Creative Fund, and it was decided to purchase a stool for the Didsbury hospital.

## Local Bonspiel Entries Said Largest On Record

The Didsbury men's annual bonspiel kicked off to a fast start on Monday with a record entry of 35 rinks. Scheduled to end Wednesday, with the surplus entries those in charge tell us that it will be Saturday before the annual event is wound up.

At the time of going to press there were 10 unbeaten rinks, including nine from Didsbury: Gale, Roberts, Klein, Gillrie, Berscht, Brown, Gooding, Sorenson and Morris. Bill Richards of Olds is the only unbeaten rink from the suburbs.

Following is the regular draw for the men's section of the local curling club:

Monday, January 19 —

7:00 P.M.: Dickau versus Wordie

Allen versus Clayton

9:00 P.M.: Brown versus Gillrie

Evans versus Sinclair

Tuesday, January —

7:00 P.M.: Kimmel versus Sorenson

Slipp versus Berscht

Youngs versus Tuglie

9:00 P.M.: Snyder versus Klein

Gale versus Nuss

Gooding versus Morris

Wednesday, January 21 —

7:00 P.M.: Pratt versus Kelm

Brown versus Evans

9:00 P.M.: Dickau versus Clayton

Wordie versus Allen

Thursday, January 22 —

7:00 P.M.: Morris versus Gale

Sinclair versus Klein

Snyder versus Gillrie

9:00 P.M.: Nuss versus Youngs

Slipp versus Kimmel

Berscht versus Sorenson

Friday, January 23 —

7:00 P.M.: Gooding versus Kelm

Pratt versus Tuglie

9:00 P.M.: Wordie versus Evans

Allen versus Sinclair

Kinmen Curling Club

A number of club members are practising curling and intend to pick two crack teams to participate in the Kinmen bonspiel, to be held later this month in Calgary.

The last dance sponsored by the club was a big success and some new members were charmed. Next '400' Club. Have you bought your ticket yet?

## PROGRESS IN WEED CONTROL

The rapid development in the use of 2,4-D and other highly selective herbicides during the past 10 years, and their wide acceptance by farmers, give evidence that weed control research in this field is paying good dividends.

*Research Needs.* Although much progress has been made in the field of chemical weed control, it is the conviction of weed research scientists that we know only a fraction of the potential uses of herbicides. It is clear that future progress in weed control will be determined largely by new and better compounds; better basic understanding of how herbicides work; and better application methods. These, together with a greater stress on combined chemical and cultural control, plus an increased emphasis on education and extension, are necessary if the tremendous loss due to weeds is to be reduced in the future.

*Cultural Methods Neglected.* Many extension workers feel that the glamour of chemical weed control, with its startling results on many weeds, is tending to overshadow the need for efficient, timely cultural practices and "all round good farming". Let us take nothing away from chemical weed control, the greatest advance in this field in agricultural history, but at the same time let us look at the weed problem squarely. There is no easy path to weed control. We always have had weeds, and we will continue to have them, as long as we till the soil. Cultural methods which gave fairly effective but costly weed control, were used long before modern chemical controls were developed.

Future progress in weed control will depend upon the wise use of cultural practices in combination with proven herbicides. Good farming will always remain the only sound basis on which a successful weed control program can be built.

## NOTICE

NOTICE IS HEREBY GIVEN that Constable F. P. Bainton of Didsbury has been appointed Police Constables and Welfare Officer for the Municipal District of Mountain View, No. 49. Telephone numbers are as follows:

Your Community Is Judged  
By the Advertisers in  
"Your" Newspaper . . .

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned if you do not use more than a 2 line space. A stranger picking up a newspaper should be able to tell what business is represented in town by looking at its paper — it's the best possible town advertiser. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business that comes to town, but refuses to advertise his own in the newspaper is not a valuable addition to any town. The life of a town depends on the live wide-awake and liberal advertising business men."

### Another Milestone Coming Up . . .

We don't often mention birthdays in this column but there is one coming up that can't be by-passed. On January 24th our friend and yours, Allie Dedels will be looking back on 85 years of life in Canada. Born in the east, one of the best known figures around town, settled here in 1900 and with the exception of a short sojourn to Saskatchewan, has made 'our district' his home ever since. Sounds like a record from where we sit. Congratulations Allie — we'll give you the headlines again on your 90th.

### What Goes — And Why . . .

Everytime we pick up a paper these days, everytime we listen to a news broadcast or check on a TV screen, we're confronted with a story or picture of how different countries are firing objects out of our world. They must have a motive for these experiments but to the average man on the main stem it appears that they are just trying to keep ahead of the Joneses, and raising taxes in the process. Speaking for ourselves we don't care how people live on the moon, we'd sooner check over our own planet and see the experimental billions of dollars spent on this side of the moon. If the crew up there want to see us, let them pay the shot; maybe they can afford a trip of this kind — our budget will suffer if we keep trying to head their way.

### It's Interesting To Note . . .

That one section of the Municipal District of the M.D. of Mountain View have gone along with the hail stoppage plan for next year; the vote was small, but it was there. Results showed the east country in favor and the west turning it down. In the Kneehill M.D., where they have had the plan in operation for the past three years, the voters were very much in favor of a renewal of the contract. We know now the "smokers" will be in action again this year — we don't know how much good they will do — later in the crop season we can all form our own opinion. 'Till then we'll sit back and wait for results.

### Chuckle Of The Week . . .

## Protection For Queen

RCMP, SCOTLAND YARD  
WILL GUARD QUEEN  
AT SEAWAY OPENING

When Queen Elizabeth comes to Canada, next year to open the St. Lawrence Seaway, one of the most complicated security operations in history will swing into action.

Helen Cathcart, Royal Court Correspondent, writes in the current Liberty Magazine, "Highly trained RCMP officers will work in co-operation with the select 'Special Branch' detectives from Scotland Yard who guard the Royal Family continually from minor mishaps and crackpots of all kinds."

While the Queen is in Canada, Commander Evan Jones, chief of the Special Branch, will furnish a top-secret dossier of assassination precautions to her hosts. Before the Queen takes up residence in a Canadian home, RCMP will search the premises for any possible hidden bombs. Royal planes will be stripped before every passenger flight; every item will be double checked before placing on board and all cases of food and packages will be X-rayed. During the Seaway ceremonies, all border crossing points will be checked by both Canadian and U.S. police.

Despite extreme precautions and vigilance on the part of security police, unexpected accidents do sometimes occur. Such was the case in Montreal some time ago when a section of stone coping crashed to the pavement seconds after the Queen had moved away from under it. While the Queen was touring Colombo a man dived between guards and threw himself under the car in which she was riding. "Security men shudder at the thought of such a man with a hand grenade," Miss Cathcart writes.

Similarly, while the Queen was viewing a tennis match at Wimbledon, a woman raced across the centre court to the Royal Box. Luckily she did nothing more than wave a banner which read: "Make me Prime Minister."

— Liberty Magazine

### MORE HUMBUG ON SPEED

In spite of repeating sad experience in the past of farmers paying exorbitant prices to itinerant salesmen for various kinds of seed, there still appears to be those who will not learn. Last winter peddlars were selling Ramsay Durum wheat and other strange types of oats at fantastic prices. This year they seized on the introduction of Jordan Crested wheat grass to do some more scalping. The latest report of this practice comes from the Peace River where the high-pressure salesmen are concentrating on Sangre Rye.

Once again the Alberta Wheat Pool strongly advises farmers to buy their seed directly from established seed growers or from reputable seed dealers. Remember, good seed does not require pedlars to sell it and new varieties, in scarce supply, are not ordinarily available to them.

### LIGHT YOUR WAY . . .

### . . . WITH BIBLE STUDY

"I believe in the resurrection of the body!" What does this mean? Better still, what does this mean to me?

When the soul leaves its earthly tabernacle, the body is vacant. Men shuffle it from view. Is that the end of the body? No, the distinctive teaching of Christianity is, not merely that the soul is immortal, but that the body will be raised again. Jesus Himself stated this: "The hour is coming in which all that are in the graves shall hear His voice and shall come forth; they that have done good unto the resurrection of life; and they that have done evil unto the resurrection of damnation." Job, the great sufferer of the Old Testament, confidently states what this very truth meant to him: "I know that my Redeemer liveth and that He shall stand at the Latter Day upon the earth; and though after my skin worms destroy this body, yet in my flesh shall I see God; whom I shall see for myself and mine eyes shall behold, and not another."

All shall rise. There is no annihilation of the wicked, or the good.

Yes, some try to deny this truth. Why? Because for them, it is difficult to explain. In fact, however, it is just as difficult to explain the raising of a seed into a plant. Take for instance, a tulip bulb. There is no beauty in the bulb itself. Plant in the ground, and God gives it a body as it has pleased Him. A beautiful body. How are the dead raised up? By the faith of the Lord. He who made our body in the first place, will also give us the resurrection body.

On the basis of God's Word, I humbly believe in the resurrection of the body. For this I know: God's Word is sure and true. Thus saith my God. How about you dear friend?

### RAILWAYS SEEK FURTHER INCREASE

This week the railways served notice on the Board of Transport Commissioners that they would apply on January 12 for a date for hearings on a new application for an increase in freight rates. They did not indicate what increase they would ask for, but last autumn when seeking a 10 percent increase (of which they received 17 percent) the figure of 20 percent was mentioned.

It seems unlikely that a further increase in freight rates will be permitted at this time in view of the fact that the federal government is setting up a committee to look into Canada's freight rate structure.

THE  
Homemakers

By HELEN HOWARD  
District Home Economist

Dear Homemakers:

IT'S ON FIRE!

Fire — the very word makes one  
shudder. Dangers from fire in  
farm homes are often more har-  
dous than for those living in urban  
districts. To your family and home  
protected from fire?

There were 190 fires in Alberta  
in 1957 which meant a loss of  
\$692,121. Of the 39 fires lost in  
fires, 17 of these were rural resi-  
dents. This is a mighty high per-  
centage. Of these seventeen, 10  
were children, six men, and one  
woman.

So your home needs protection!  
How is your fire extinguisher?  
Have you had it checked lately?  
Does it need recharging? Do you  
have a proper fire extinguisher?

Here is what the Fire Commis-  
sioner reports about the various  
types of fire extinguishers for  
homes.

The Water Hand Pump Type is  
recommended for general home use.  
It is easy to operate, ready at all  
times, and easily refilled.

The Soda and Acid Type is easy  
to use. It must be recharged once  
a year and should be sent to a re-  
liable company for recharging.

The Carbon Dioxide Type emits a  
smothering "snow" over the fire. To  
use it, you have to stand close to  
the source of fire for the steam will  
only reach about eight feet. It is  
more expensive than the two pre-  
vious models mentioned but will  
put out grease fires quickly.

Other recommended types of  
hand extinguishers are the loaded  
stream and dry chemical tanks.

The Fire Commissioner warns  
that people should be wary of the  
door-to-door salesman. Ask to see  
his license, which should bear an  
approval by the Underwriters Labo-  
ratories, Factory Mutual Labo-  
ratories, or the British Fire Office  
Committee. Do not buy an ex-  
tinguisher unless it is so labelled  
and has an inspected date card on it.

Baking soda should be kept close  
to the stove, so it can be used to  
put out grease and other cooking  
fires. A blanket will help to  
smother flames. Could you find a  
place close to the danger spot in  
your home?

Panic is the biggest hazard when  
fire strikes. People don't know  
what to do. Be prepared and you  
won't panic. Buy a proper fire ex-  
tinguisher and see that it is an-  
nually checked.

Check Your Fire Protection  
Policies

1. Do you have an emergency  
water supply available?  
2. Do you have boxes of sand in  
buildings to supplement other  
equipment in fighting oil or gaso-  
line fires?

3. Have you eliminated weeds,  
brush, old lumber, and similar  
fire hazards from around buildings?

4. Farm fire drills are a must!  
If a fire occurs, does everyone know  
what to do?

5. Is your gasoline stored in one  
of the following ways: out of doors,  
underground, or in an isolated  
building? Are containers all marked  
with a bright red "X" Do you stop tractor  
and truck engines before filling  
with gasoline?

6. Do you do all dry cleaning in  
a cool, well ventilated place?

7. Are all stoves and chim-  
neys cleaned, repaired and your  
furnace inspected each fall?

8. Are your electric irons and all  
electrical appliances used for cook-  
ing, equipped with metal studs and  
heat controls?

9. Do you use only 15 amp. fuses  
in the fuse box for your household  
lighting circuits?

10. Are all flexible electrical ex-  
tension cords in your house in the  
open — none placed under rugs or  
over hooks. Are they in good re-  
pair?

## Notes From D.A.

By HOWARD FULCHER  
District Agriculturist

Farm management is the making  
of decisions in the use of farm re-  
sources to maximize the desired re-  
turns over a period of time. These  
decisions must be good and will in-  
clude available resources, land, cap-  
ital and labor. It is important to  
use these resources in proper bal-  
ance in carrying out any produc-  
tion enterprise. The main product  
from the farm may be beef cattle,  
dairy products, hops, grain, or some  
other commodity, in all cases good  
farm management will use all  
available resources to make it ef-  
ficient and profitable.

Farming is the carrying out of  
the farm plan and management  
procedures. The farm to be suc-  
cessful must therefore be well plan-  
ned, this plan to include manage-  
ment practices which are sound.  
The program for any farm must  
be fairly firmly established along  
certain production lines and at the  
same time have some flexibility to  
follow new methods of production  
and changing market conditions.

In deciding what to do with your  
farm and its production program  
it is important to know what you  
have and what you want. By care-  
ful observation and analysis of the  
present program weakness can be  
found. By careful thought and  
budgeting future aims and goals can  
be established. Once these are ac-  
complished a program can be  
drawn up which will ultimately  
give you the returns you desire to  
have. The size of the returns  
limited by the amount of resources  
and how well they are used.

Every farmer is a manager of  
his business, he has many deci-  
sions to make. Thumb rules and  
habits serve well in many instan-  
ces such as minerals for cattle or  
worm treatment for swine. How-  
ever as farming becomes more sci-  
entific and more capital is involved,  
planned programs with good man-  
agement including accurate farm  
records become necessary for a  
successful and profitable farm busi-  
ness.

Kneehill Voters Want

## WIGLEY — EGGINS

A double-ring ceremony, uniting  
Muriel Annette, youngest daughter  
of Mr. and Mrs. V. Eggrins, and  
William Wigley, eldest son of Mr.  
William Wigley of Hattonford, in  
holy matrimony, was performed by  
Rev. K. Wood in the Sundre United  
Church on Saturday, December 20,  
at 2:00 p.m.

The bride was escorted down the  
aisle by her father, to the strains  
of the Wedding March, played at  
the organ by Mrs. Mary Bliss. The  
bride was lovely in a white floor-  
length gown of lace and tulle, trim-  
med with sequins. Her veil  
mistled from a pearl and sequin  
diadem and she carried a bouquet of  
red sweetheart roses. The groom's  
gift to the bride was a wrist watch.

Miss Dorothy McDonald of West-  
cott, as bridesmaid, was gown-  
ed in white-length teal blue and carried  
a bouquet of yellow mums to comple-  
ment her ensemble.

Mr. Ken Eggrins, brother of the  
bride, was best man. Mr. Arthur  
Eggrins, eldest brother of the bride,  
and Mr. Wilfred Wigley, uncle of  
the groom, acted as ushers.

During the signing of the regis-  
ter, Mrs. Bliss played "The Wed-  
ding Prayer."

The bridesmaid received a brooch  
and earrings set from the bride and  
the groom's gift to the best man  
was a pen and pencil set.

Following the ceremony a recep-  
tion for 38 guests was held at the  
Zella Community Centre.

The bride's mother received in a  
gown of teal blue, with white ac-  
cessories. The groom's aunt, Mrs.  
Daisy Thompson of Edmonton wel-  
comed the guests, seated in a two-  
piece, coral, brown dress, with  
brown accessories.

Guests from a distance included  
Mr. William Wigley of Hattonford,  
Mr. and Mrs. Pearce of Katharine,  
Mr. and Mrs. Danny Maerpa, Mr.  
and Mrs. Leval Cole and Mrs.  
Daisy Thompson, all of Edmonton.

Before leaving on their honey-  
moon, the bride presented her bou-  
quet to the groom's grandmother,  
Mrs. L. Jones. The newly-weds will  
make their home at Devon for the  
present.

## THE PROVINCE OF ALBERTA

THE PIPE LINE ACT, 1958

OIL AND GAS CONSERVATION BOARD

NOTICE OF HEARING

THE ALBERTA GAS TRUNK LINE  
COMPANY LIMITED

TAKE NOTICE that the Oil and Gas Conservation Board  
will hold a public hearing at the offices of the Board, 603 - 6th  
Avenue S.W., in the City of Calgary, Alberta, on Wednesday,  
January 21st, 1959, at the hour of 9:30 a.m., for the purpose  
of hearing representations concerning the application of The  
Alberta Gas Trunk Line Company Limited for permits to con-  
struct the following pipe lines:

1. A 30-inch gas line from a point in Section 13, Township  
20, Range 12, West of the 4th to a point in Section 2,  
Township 33, Range 26, West of the 4th.
2. A 16-inch gas line from a point in Section 2, Township  
33, Range 26, West of the 4th to a point in Section 22,  
Township 39, Range 22, West of the 4th.
3. A 12½-inch gas line from a point in Section 2, Town-  
ship 33, Range 26, West of the 4th to a point in Section 17,  
Township 30, Range 2, West of the 5th.
4. A 16-inch & 24-inch gas line from a point in Section 2,  
Township 33, Range 26, West of the 4th to a point in  
Section 27, Township 44, Range 1, West of the 5th.

The company proposes to construct the first three lines  
during the year 1959 and the fourth line during the year 1960.  
Plans showing the locations of the proposed lines may be  
inspected at the Board offices.

DATED at the City of Calgary, in the Province of Alberta,  
this 8th day of January, A.D. 1959.

Oil and Gas Conservation Board

VERNON MILLARD,

Secretary to the Board

WINTER'S  
THE TIME

for a farm improvement loan

- when there's more time to do the job
- and skilled help is available

Farm Improvement Loans, backed by the Dominion  
Government, are available from your bank—up to \$5,000  
at five percent simple interest, and repayment periods  
up to 10 years depending on amount borrowed and the  
purpose of the loan.

These loans cover the purchase of all types of farm  
equipment and improvement to the farm house and  
farm buildings.

ALL HOME OWNERS are eligible for HOME  
IMPROVEMENT LOANS, under the National  
Housing Act, available through your bank—up to  
\$4,000 and up to 10 years to repay.

Why wait for spring —  
DO IT NOW!

Issued by authority of  
the Minister of Labour, Canada

## DISTRICT NEWS

### M.V.B.C. NEWS

(From Our Own Correspondent)

In spite of the exceedingly cold weather all students were present for the opening of classes after the Christmas vacation. It was good to see them again, and at present they are diligently studying for their examinations which end the first semester of work on the 15th of the month. The new semester will begin January 20th.

We have had special speakers in our chapel during the past week. Rev. J. Jones, returned missionary from Japan, spoke twice to us before he continued to Edmonton where he is holding special services in the United Missionary Church. Rev. Mercer and Rev. Shufelt of the Youth for Christ movement were with us in chapel on Wednesday. These are outstanding speakers and the latter is an unusually fine singer. Rev. Tattersall, returned missionary from Columbia, gave a stirring message on missionary conditions of that country.

"Open House" will be held January 23rd. This is usually in the evening beginning at 8 p.m. Once more we invite all readers of this column and their friends to come and join us in an evening of inspiration. The usual group of students will conduct tours of the campus, and you will want to see the new student centre. Displays of work done by students and faculty will be placed there and give further information of school activities. Lunch will be served. A program is being planned; so come and join us.

Many of you may have heard the lectures of Rev. Cheesman during the summer camp meeting. These have been mimeographed and nearly as possible in the words in which he gave them. A quantity of them are on hand and upon the receipt of one dollar you too may have them for further study. His interpretation of the five sacrificial offerings of Leviticus is indeed worth considering. They are for sale in the office and you are welcome to a copy if you are interested.

Miss June Pearn, a first year student, is still carrying around a cast on her foot. She injured it badly, some time before Christmas, and has had many days on crutches as a result. We hope she will soon walk normally again.

We appreciate all the kind things done for us during the Christmas season. We were the recipients of some things that meant a great deal to our cook, Mrs. A. Eby. We appreciate greatly the fowl, eggs etc., that have been brought in.

**SERVICE  
BOARD  
NOTES**  
— By —  
W. K. SNYDER  
Agricultural  
Service Board

**BANGS VACCINATION:** The district veterinarians have practically completed the job of vaccinating the 1958 calf crop against Bangs disease. This is always a big job but with the wonderful co-operation and help of the township captains, the work is carried forward to completion in short order.

It is interesting to note the totals and compare them with last year's totals. During 1958 a total of 14,262 calves were vaccinated in Mountain View No. 49. This compares with 11,231 in 1957. There were 1147 female cattle blood tested for auction sales as against 987 the year before.

From the above figures you will notice that vaccinations of heifer calves have increased by 3000 head. I think the increase is partly due to the fact of increased cattle population, as well as more complete co-operation on the part of cattle-

George R. Hofer, Irricana, Alberta, is shown receiving a cheque for \$1,000 from T. C. McBeath, Western Canada Sales Manager, Chemicals and Fertilizer Sales Division, The Consolidated Mining and Smel-

### OREMONA NEWS

(From Our Own Correspondent)

The W.A. met at the home of Mrs. W. Jackson last Friday, when Mrs. Charles Bird was appointed devotional convener. Mrs. M. Earle gave the treasurer's report, before handing the books over to Mrs. K. Brian. The congregational meeting date of the United Church was set for January 24th.

Best wishes are extended to Mrs. Sara Schultz, who has been hospitalized, but expects to return home this week.

A belated pat on the back to the Cremona Town Council and business people for the lift they gave folks with the effective and beautiful town lights during the holiday season.

Despite the storm a cheery dance was well attended at the community hall on New Year's Eve. The novelties were fun and the hall board is to be commended on their fine production.

A meeting of the United Church elders was held at the residence of Mr. and Mrs. D. McEln last Thursday evening. Present were Mrs. M. Reid, Mrs. M. Earle, Mr. G. W. Whitlow, Mr. B. B. Reid and Mr. D. McEln.

Mr. and Mrs. Robert Bergeson and family are back in Cremona for the winter. They park their trailer at N. Whitlow's.

The monthly meeting of the Cremona Home and School Association was held Tuesday evening, Jan. 6. Next month Mrs. Marian Reid will present slides she secured on her tour of Europe.

**TRANQUILIZERS SEND YOU;  
THEY SAY ...**

(With the most profound apologies to W. Wordsworth)

They come unbidden, in a cloud. Like tax demands and unpaid bills:

A jostling, multi-colored crowd  
Extolling tranquillizing pills  
And cures for piles and  
housemaid's knees

And mortal life more grave  
Than these.

Continuously as the stars  
that shine

And twinkle in the milky way,  
If stretched in never-ending line,  
They'd reach from here to  
Baffin's Bay.

Each calculated to entrance  
Your fancy at the merest glance.

But mail the card attached

A doctor could be driven grey  
By such a contending company:  
Each with a clinical report  
To prove the wonders  
it has wrought.

But often when on my  
couch there lie  
Complaining patients,  
palely nude,  
I prod them with a muffled sigh,  
Suppressing phrases short and  
rude:

And then my heart with  
pleasure fills  
Dispensing tranquillizing pills.

men everywhere in vaccinating ALL their heifer calves, particularly those in feed lots.

This has been brought about by two factors: first, a reduction in the rates charged for the service, and second, the fact that any feeder stock entering the U.S. must be vaccinated. Since November of 1958 our neighbor to the south has been recognizing and accepting without question our Bangs vaccination program for commercial cattle.

This fact has placed somewhat of a premium on vaccinated heifers where American buyers are concerned, and is working out as a definite advantage to us.

## Little Items of Local Interest

Curlers are invited to view the display of prizes being offered in the current bospital — they're all sitting in the window of Berscht's store.

Mr. and Mrs. Les LeGrand were Calgary visitors with the latter's niece, Mrs. B. Wells, over the weekend.

Miss Janet McArthur of Wetaskiwin visited friends in town at the weekend.

A son was born to Mr. and Mrs. Gerald Dutkiewicz (Eileen Dageforde), in the Pincher Creek hospital on January 12th.

Mr. and Mrs. Phil McNeil spent Sunday with their son-in-law and daughter, Mr. and Mrs. Albert Schneidmiller of Calgary.

### MRS. FARQUHARSON DIES IN CALGARY

Mrs. BARBARA FARQUHARSON, aged 62, of Calgary, died in the General hospital on Friday, following a lengthy illness.

Among the survivors is Mr. Chris Ebert of this district.

### Harmattan News

(From Our Own Correspondent)

A very interesting group of films were shown at the hall on Saturday evening by the W.A. of St. George's Anglican church. Another showing is planned so watch for an announcement.

Miss Mildred Armstrong was a visitor at the home of her sister, Mrs. Dave Morgan on New Year's Eve. Miss Armstrong was enroute to Camp Borden, Ont., where she will be stationed.

Mr. and Mrs. John Morgan, accompanied by Mr. Jack Morgan, left Calgary by plane Saturday for Honolulu, where they will visit with Miss Clarice Morgan for the next three months.

Norman Spooner is at present working with an oil crew at Rocky Mountain House.

A dance will be held in Harmattan hall on January 16th, under the auspices of the Harmattan hall board.

### UNITED MISSIONARY CHURCH NOTES

Next Sunday night, the Women's Missionary Society will be in charge of the service. This has always been a time of great inspiration and blessing.

Then on Monday night, January 19th, at 8:00 p.m., Rev. Joe Jones, returned missionary from Japan will be showing his interesting slides of his work among the Japanese. This service too will challenge you to the worldliness of Christian service. A friendly church welcomes you.

### Westcott News

(From Our Own Correspondent)

Word has been received that Mr. and Mrs. J. Dutkiewicz (Eileen Dageforde), of Pincher Creek, are the proud parents of a baby boy, born January 12th.

Mr. and Mrs. Otto Folkman spent Monday visiting with Mr. and Mrs. Will Spooner at Harmattan.

Miss Orion Macintosh, accompanied by Mr. Les Gojzen and Mrs. Elaine Card, all of Calgary, were visitors at the home of Mr. and Mrs. Herbert Goelten at the weekend.

Mr. Sid Witlow of the Westcott store is away on business for a few weeks. Mrs. Wm. McDonald is helping at the store during his absence.

### RUGBY W.I. HOLD FIRST MEETING OF YEAR

The Rugby W.I. held its first meeting of the New Year on Jan. 7th at the home of Mrs. A. Blain, with 13 members in attendance. It was decided to give a prize at the end of the year for perfect roll calls.

Education is to be the project and a book by Dr. Laycock will be purchased. The sum of \$5 was donated to Woods Christian Home. A resolution for the building of a chronic hospital in Didsbury was unanimously endorsed.

It was with regret that the institute accepted the resignation of Mrs. A. R. McNaughton as secretary-treasurer; Mrs. H. Hosgood will take over this post.

Mrs. Blain offered her home for a whist drive on January 19. The president, Mrs. Vipond, read an interesting article on the Russian school system.

The financial statement was read. Total receipts were \$309.51; expenditures \$215.18, leaving favorable balance of \$94.33.

In the contest Mrs. Vipond won first prize for mince meat and Mrs. Doug Hosgood for fancy cookies. Next month a contest will be held for a collection of naming — chicken, fruit, relish and jam.

Mrs. Blain was hostess and Mrs. H. Hosgood co-hostess. The next meeting will be held at the home of Mrs. Block.

## Coming Events

—The dance scheduled for Melvin hall, which was cancelled New Year's Eve, will be held on Friday, January 16th at Melvin hall. Hats and novelties. 2-3c

—There will be a dance at Mountain View hall on Friday, Jan. 23; Fischer's orchestra. 2-3c

—The Mountain Hall board will hold its annual meeting on Thursday, January 29th, at 8:30 p.m.

—There will be a dance at Lone Pine hall on Friday, January 30th, sponsored by the East Didsbury 4-H Club; Timberland orchestra. 2-3c

—The Didsbury Fish and Game Association will hold its annual meeting in the Lions hall on Wed. Jan. 21, at 8:30 p.m. All members are urged to attend. 1tc

—The mothers of the Cubs of the 1st Didsbury Pack will hold a bake sale in Campbell's Store on Saturday, Feb. 7th. 2-4tc

—The Rugby F.U.A. will sponsor a bonspiel at the Elktion curling rink on January 23 and 24, for members and their families. Phone entries to 1707, Didsbury, before January 19th.

—Dance to the music of Dale Allan and his orchestra, in the Melvin hall, on Friday, February 20th.

—On March 6th, there will be a dance in the Melvin hall, with Fischer's orchestra supplying the music.

## YOUR HEART

In the study of mortality or death from Degenerative Heart Diseases, national vital statistics of the United Nations show in graph form that 1948-49 Canada comes second only to the United States. The two age groups studied were 55 to 59; 45 to 49.

The only characteristic common to both mortal groups was the high fat calorie percentage intake in food taken daily. The lowest was Japan, then Italy, England, Wales, Australia — the top of the heap with the highest mortality rate was Canada, then the United States.

Are we able to tell accurately how our way of life is affecting our hearts?

The Cameron heartometer, a machine built by a heart specialist to check the heart will in a few moments with extreme accuracy give the blood pressure, the relative size of the heart, the condition of each valve in the heart, the condition of the muscles and the rate of the heart beats plus other tests.

Every man or woman should have a yearly check of the heart. It is the only sure way to the prevention of heart condition. You owe it to yourself and to your heart for good health in the years to come. You are as good as your heart.
